ACKNOWLEDGEMENTS

Sincere appreciation to all the community organizations, community leaders and government agencies who assisted me with the collection of agencies servicing the Vietnamese American community. The extensiveness and comprehensiveness of this directory is a result of your support and continued work in the Vietnamese American community.

The Vietnamese American community of Orange County, specifically those within the City of Westminster, Santa Ana and Garden Grove now have something to refer to when in need of social service.

A special thank you to Professor Regina Freer of Occidental College for sparking the idea for this project. Thank you for helping me discover a way to contribute to the Vietnamese American community.

A MESSAGE

To the Vietnamese American Community of Orange County

This directory is made for you with the hope that it can connect you with the services you need. Each organization has been contacted to make certain that they either have a Vietnamese staff or have Vietnamese translation capabilities.

There are new workshops, classes and programs created on an ongoing basis; therefore you ought to contact these organizations to learn more about their new programs. In addition, due to funding difficulties, some organizations may relocate or cut certain programs. Please call before visiting. When calling, confirm the organization's address, make sure they provide the services you require and finally ask them of any documentation requirements.

These organizations are ready to serve you and have answers to any questions you may have. Do not hesitate to call or visit them in a time of need but please call before visiting.

I hope this guide will be useful for you and your family. If there is anything that you'd like to see change in the next edition, please complete the form at the back of this directory and mail to the address listed. Your suggestions are greatly appreciated.

Respectfully,
Pham Thi Kim Lien

INTRODUCTION

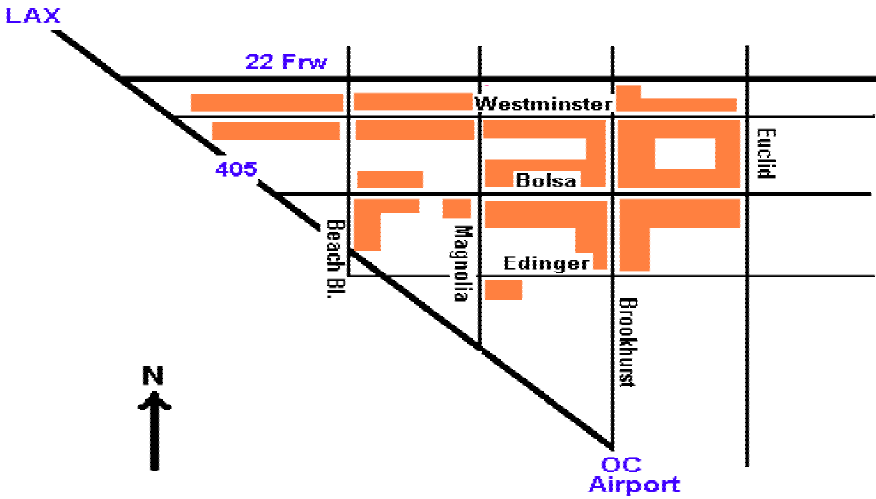

The community based organizations and local agencies listed in this directory must have at least a Vietnamese speaking staff on-site or have translation services for non-English speaking Vietnamese Americans.

First generation Vietnamese Americans and new immigrants' needs were the primary focus of this directory. Therefore organizations such as the Vietnamese Professional Society or the Vietnamese Political Action Committee were intentionally left out.

I hope this guide will bridge the service providers to community members most in need of their service. First generation Vietnamese Americans continue to suffer cultural, language and social barriers that prevent them access to social services.

For a complete list all social service providers in Orange County please refer to the Rainbow Guide for Orange County or the Orange County's Info Link Program (www.infolinkoc.org).

For a directory of organizations serving the general Asian Pacific Islander community please refer to UCLA Asian Pacific Islander Community Directory.
